

HRM ENVIRONMENTAL

WATER AND WASTEWATER PROCESS TREATMENT EQUIPMENT

Aquionics OpenLine UV Systems for concrete channels; nline UV systems for In-Tricanter®, Sedicanter® pipe service; AF3 Single lamp nits for Wells. ATLAS Tru Flow™ and Dual Flow™

We UVCare..

Atlas-Landy Rake™ Gripper for Multi-screen Cleaning; Bar Racks short path evaporators.

BDP 3DP™ Three Belt Filter Presses; Gravity Belt thickeners; Dual duty

Biorem Biological Odor Control Systems; Biogas Conditioning Systems. Biocube™ Wastewater, Desalination & Water reuse systems and Basys™ Biofilters. Mytilus™ Biotrickling Filters

Blue in Green Non-Chemical corrosion prevention in collection lines; H2S grit dewatering; Hydro-Sludge™ Screen

Blower Engineering Tri-Lobe Positive Displacement Blowers. Completely removal systems and Grit Classifiers; Compactors; Septage Receiving Stations

Concord Screen Wedge wire Drum Water Screens with Airburst Cleaning. Manual

Dumpsterveryor Automatic Sludge Container positioning systems, Prevents Spills and Allows Even Filling, Avoids Personnel Entry into Containe

Enaqua UV Non-Contact UV Systems; Compact UV Reactors for surface Discharge, Steel Fixed Weir Effluent Boxes reuse and industrial applications. Infiltration Boxes; IFAS Modules; Cooling tower

EPIC Aeration and Pumps aeration process. Highest efficiency turndown

Flottweg Decanter Centrifuges, Separators, Belt presses, Equipment Rental.

FLUIDYNE Jet aeration and SBR's; SAM- Surge Anoxic Mix Treatment for BOD, TSS, N removal with sludge reduction Intake Water Screens; Smart Screen™ Fish Friendly Technology..

Gooch Thermal Systems Spiral heat exchangers; Thin film, wiped film

Gryphon Closed Loop air system dryer; Production of Class A or EQ Biosolids. Advanced drying technology for Municipalities and Industry (thickening & dewatering) Drum screw presses. Gravity Drum Concentrators

Harn R/O Reverse Osmosis, NF, UF and MF Membrane systems. Water

Hydrodyne Perforated panel, Laced Links, Woven Mesh Screens; Vortex Grit

Hydro International Headcell™ and Grit King™ for high efficiency Grit enclosed Blower packages with easy access Removal. Teacup® and Slurrycup® for grit removal and washing. GritSnail® for

Hungerford & Terry Inc. Nitrate, Arsenic and Radium Removal; Iron & elimination; Pressurized Aeration for improved DO; Hyper-concentrated manganese removal; Softening; Demineralizers; Forced Draft and Vacuum Dissolved Ozone Degasifiers

KWS Vertical and Horizontal Shafted and Shaftless Screw conveyors; Storage bins; & Automatic Filters and Strainer Silos; Hoppers and Live Bottoms

MFC Fixed Plate Cloth Filter with Backwash by Gravity (No Pumps) & Stainless

MWF FRP Domes and Flat Cove rs; Ductwork; volume control dampers; FRP Weirs

NEXT TURBO Integrally geared centrifugal single stage turbo compressors for **EPIC** Aeration and Pumps aeration process. Highest efficiency turndown.

OVIVO MBR; MicroBlox; Membrane thickening; Carrousel; Aeration diffusers; Anaerobic & Aerobic digestion; Gas Holders; LM Mixers; Clarifiers; Thickeners; Rotary Distributors; Detritors; Filter underdrains; DAFs; Travelling Bridges; Sludge Collectors; Reactor Clarifiers

Roberts Filter Group Roberts supplies gravity filters, pressure filters, packaged water treatment, and pre-treatment technology

Spencer Power Miser™ Centrifugal Blowers; Vortex Regenerative Blowers; AyrJet® High speed Turbo Blowers. DO Control Systems

SPX Lightning Rapid Mixers; Flocculators; Clean Edge Impellers; Line Blenders ven filling and spill prevention. Avoids Personnel entry into container..

Tank Connection Bolted RTP Tanks; Field welded and Shop welded Tanks. Aluminum Geodesic domes

Tomorrow Water minimizing the global environmental impact of wastewater treatment, while delivering sustainable, practical, and economical solutions.

TRILLIUM - We Deliver Results Through an Application Specific Pump Product Line and Expertise That Adds Value at Every Stage of Your Project

UNISON Biogas conditioning (H2S, Siloxanes, Drying); Distributed Generation with Microturbines; Systems for Landfills and, WWTPs

Varec Biogas Safety and Handling equipment; Gas Control, Cover Equipment and Flare Systems; Iron Sponge Biogas H2S removal

Viking Chain & Flight sludge scrapers and skimmers; Non-metallic, Stainless steel and Cast Iron components

Vulcan Mensch Severe Duty Screens; Multi-Rake VMR Screens; Washing Press & Screw Press Compactors; Rotary Drum Thickeners; Stair screen, Knuckle-Rake Bar Screen

Warminster Weirs, Baffles, Troughs. Parshall Flumes. FRP Buildings & enclosures. Algae covers.

Whipps Fabricated Stainless Steel and Aluminum Sluice/Slide gates; Weir gates and stop logs. Telescoping valves
